COURSE DESCRIPTIONS

Course Numbering System

In general, courses numbered below 100 are not intended for transfer credit. These courses may be counted toward the A.A.S. degree, but not the A.A., A.S., A.E.S., A.F.A.—Art, or A.F.A.—Music degrees.

Courses numbered 100 or above may be expected to fulfill transfer requirements. In some cases the courses designed primarily for vocational programs may not be acceptable to transfer to all four-year institutions. Students should see an academic advisor for clarification of the transferability of these courses.

Courses numbered 200 and above are intended for the sophomore level.

Illinois Articulation Initiative (IAI) General Education Core Curriculum Codes

To assist students with identifying qualifying general education core courses, the following coding system will appear after the course description:

Discipline Prefix

Discipline	Prefix
Communications	IAI C
Social and Behavioral Sciences	IAI S
Humanities	IAI H
Humanities/Fine Arts	IAI HF
Fine Arts	IAI F
Mathematics	IAI M
Physical Sciences	IAI P
Life Sciences	IAI L

Sample Course Listing

Course Number	Course Title	Credits	Prerequisites
ACC 101	Introduction to Financial Accounting	4	No

Course Outlines

In accordance with Illinois law, Harper College maintains a file of course outlines for all courses listed in the Catalog. Complete information is given on course content, methodology and objectives. The outlines are available for student review in the division offices.

Prerequisites

Many course descriptions state that a prerequisite (for example— satisfactory completion of a specific course or instructor consent) is necessary for enrollment in such a course. Students are advised that enrolling in a course without satisfying the prerequisite may result in the student being withdrawn from such course at the request of the instructor. Refer carefully to Catalog course descriptions.
