

GREETING FROM THE PRESIDENT

- Communities Served (<https://www.harpercollege.edu/registration/registrar/residency.php>)

Welcome to Harper College! We are proud to have you as part of our community.

At Harper, you will find more than a place to learn – you will find a community that believes in your potential and is dedicated to helping you achieve your goals.

As the sixth president of Harper College, it is my privilege to lead a vibrant community of faculty and staff who are deeply invested in your success. Whether your goal is to build new skills for the workforce, transfer to a four-year university, advance your career or pursue lifelong learning, we are here to support you every step of the way.

One of the ways we do that is through Harper's Path for Success (<https://www.harpercollege.edu/start/path-for-success.php>), a collegewide framework that provides clear guidance and support throughout your educational journey – from choosing a program of study to completing a credential and preparing for what comes next.

We also strive to create an environment where every student feels a sense of belonging and connection. You will find a wide range of resources to help you thrive, including academic advising, tutoring, counseling, career services, wellness programs, library resources and opportunities to engage with campus life.

We recognize that success in college depends on more than academics alone. Harper continues to expand efforts to reduce barriers by addressing basic needs, while strengthening partnerships with local high schools, universities and employers to create clearer pathways to opportunity.

Every day, our students demonstrate resilience, determination and a drive to achieve their goals. Our role is to help you discover your strengths, pursue your passions and soar to new heights.

I encourage you to take full advantage of all that Harper has to offer. Get involved, ask questions, seek support and connect with others across the college community. We are honored to be part of your journey and wish you much success.

Forward together,

Dr. Avis Proctor
President, Harper College
