## Program Overview

This 33 credit-hour certificate program is for students interested in an introductory position in the furnishing, retail, or design industries. The certificate prepares students for a position as an Interior Design Assistant or in a variety of areas in the Interior Design industry ranging from wholesale suppliers, retail stores, or sales.

This certificate does not meet the necessary requirements to allow graduates to sit for the National Council of Interior Design Qualifications (NCIDQ) exam. Students may continue their education by pursuing the Associate in Applied Science degree. Students considering this option are encouraged to meet with the program coordinator and/or an academic advisor prior to beginning the program and also when planning their schedule each semester.
